

### **CARI AMICI E OSPITI,**

Our Osteria D'Orazio is a place where family and friends come together. It doesn't matter if you are from the Black Forest, Tourist or Business Traveler – in our Osteria you are always welcome.

until 2019

*In 1978 the restaurant was founded by Carmela and Nino D'Orazio just down the road. In 1999 the restaurant moved into the current location where the family runs it until today. In July 2019 the founder's son Domenico D'Orazio relaunched the restaurant the Osteria D'Orazio. Re-interpreted fresh Italian food is presented in an authentic modern concept.*

***„A chef is only as good as the ingredients he uses.“***

...therefore, we primarily work with regional products whose origins we know and that are produced sustainably and with a high level of quality.

Taste our oven-fresh wood-fired pizza, our extraordinary pasta dishes from an original Italian pasta factory and last but not least our delicious meat dishes or freshly caught fish!

In a lively and cozy atmosphere, our restaurant offers space for up to 90 people indoors. Our garden terrace can accommodate until 90 people. Surrounded by olive and lemon trees you can perfectly dine and relax. Our partially covered patio keeps you dry even if it rains.

**Benvenuti and enjoy your stay.**

**Did you know?**

*Fior di Latte means "flower of milk" and is one of the most important ingredients of our pizzas, along with our dough and fresh San Marzano tomatoes. In order to preserve dairy products better in the hot south of Italy, pasta filata - the spun dough - was invented. In this process, the curd is pulled through hot salted water until it can be formed into mozzarella balls "Fior die Latte".*
